I respectfully request that you consider sponsoring the "Dream Act of 2017" (H.R. 3440 & S.1615). I request your support for the "Dream Act of 2017," I am grateful to you and ask for your continued support of this bipartisan legislation, I urge you to do so today. With time running short, your support is urgently needed to protect our immigrant youth and young adults from deportation and to ensure that they have a pathway to citizenship.

This bill provides a pathway to citizenship for individuals who arrived in the United States as children and know America as their only home. The young people who stand to benefit by this bill are contributors to our economy, military veterans or current service members, students in our universities, and young adults. As Catholics, we believe in protecting the dignity of every human being, especially our children. If you have already signed on in support of the "Dream Act of 2017," I am grateful to you and ask for your continued work in support of our Dreamers.

I write to you as a constituent to express my support for the Deferred Action for Childhood Arrivals (DACA) youth and their families. There are many young people who are living in constant fear of deportation and the uncertainty of whether they can continue to pursue their dreams and goals. These young people are an integral part of our communities and contribute to our country's economy. It is important that we work together to ensure that they have a future in this country.

The "Dream Act of 2017" is a bipartisan bill that would provide a pathway to citizenship for individuals who arrived in the United States as children and meet certain eligibility requirements. This bill would also provide relief from deportation for young people who arrived in the United States as children and have been in the country for a certain period of time.

I urge you to join me and other Catholics in supporting the "Dream Act of 2017." Together, we can ensure that these young people have a future in this country and can continue to contribute to our communities and the nation as a whole.

Sincerely,
[Your Name]
